

SILOSO BEACH RESORT SENTOSA

As a TÜV Rheinland (TÜV) certified Eco Hotel, the first hotel to be certified under Singapore SEC Eco Hotel Scheme, and the Top Achiever for Singapore Environmental Achievement Awards 2010, Siloso Beach Resort extends a warm welcome to you from the shores of Sentosa island!

A Rustic Eco Retreat

Conveniently located along Siloso Beach on the island of Sentosa, Siloso Beach Resort is a tranquil and rustic resort just a few steps away from the beachfront.

With rooms facing the South China Sea, surrounded by lush foliage and a 95m spring water landscape pool, we offer our guests a comfortable stay among Nature's jewels.

At Siloso Beach Resort, apart from providing our guests with an unique and memorable experience, we also equally consider as a priority the environment and its preservation.

Siloso Beach Resort is honored to be awarded:

TUV Rheinland
certification as an
Eco Hotel.

Singapore
Environmental
Achievement Award
Top Achiever 2010.

SEC Eco Hotel
Certification

Our Green Policy

PRESERVING ENVIRONMENT

- over 200 trees preserved.
- 450 more trees planted.

MINIMISING CARBON FOOTPRINT

- open design concept saves energy.
- largest surface rooftop garden, cooling effect.
- 3rd generation heat-exchange chiller system, energy efficiency.

ECOLOGICALLY CONSCIOUS DINING

- food is first sourced from local and nearby countries.
- a special machine uses bacteria to convert unused food into fertilized water.
- meals and events are well planned to minimize food wastage.

USE WATER WISELY

- 95m landscape pool water sanitized with ionized salt.
- water collected from underground spring, water reservoir, otherwise would flow to sea.
- auto-cut-off for public taps, optional towel and linen program for guests.

CORPORATE SOCIAL RESPONSIBILITY

- free educational tour conducted within and around resort.
- help support and sponsor projects from environmentally conscious groups. Such as Singapore Environmental Council, Singapore Compact for CSR etc.
- sponsored recently launched Biodiversity portal of Singapore www.biodiversity.sg

Our Eco Amenities

NATURAL SPRING WATER LANDSCAPE POOL

In conserving precious water, the source is collected from a natural underground spring water reservoir. Instead of using harsh chemicals, we sanitized our pools with perfectly safe ionized salt, healthier for both our guests and the environment.

BIODIVERSITY BEACHFRONT ALFRESCO CAFE

Our beachfront café provides guests with a sustainable dining experience by using food sources from nearby countries, taking measures to reduce excess food, and not serving any meat from endangered species like shark and blue fin tuna.

- Outdoor gym.
- Largest self maintained roof top garden in Singapore and more...
